Re:

Certificate of Deposit (CD) Investments

CD interest rates are on the increase. Attached are current CD rates as presented by Susser Bank through the CDARS (Certificate of Deposit Account Registry Service) Program.

CDARS is a US for-profit service that breaks up large deposits (from individuals, companies, nonprofits, public funds, etc.) and places them across a network of more than 3,000 banks and savings associations around the United States providing the \$250,000 FDIC coverage on all deposited funds. This investment type is allowed by the Public Funds Investment Act 2256.010 (b).

By investing funds with Susser Bank (CDARS bank), which resides in the State of Texas, the City will be in compliance with the Public Funds Investment Act 2256.010 (a) even though the funds may end up being deposited in CDARS banks outside of the State of Texas.

I would like to get council's opinion on investing some of the Oil & Gas Reserve funds in CD's using a laddered investment structure.

The city's current investment policy allows for a limit of 30% of the investment portfolio to be invested in CD's with a maximum term of 5 years. The city's Quarterly Investment Report shows an investment balance at 3/31/22 of \$6,331,429, of which \$1,899,428 would represent 30%. The balance in the Oil & Gas Reserve fund at 3/31/22 is \$577,540. I propose investing between \$300K - \$400K in CD's in a laddered term structure. The city would still have cash liquidity of \$1,412,957 in the LOGIC/TexSTAR pools. In addition to the pool reserves, the General Fund Reserve MMKT account has a balance of \$1,334,051 at 3/31/22.

I welcome your input and direction on this investment opportunity.

Kay Day

Finance Director

Subject: [EXTERNAL] Rates and Options

Good Morning Kay,

I have talked with Josh and we would like to hold at the \$3MM on the Federal Home Loan Bank Letter of Credit. Beyond that \$3MM we would only be able to offer ICS or CDARS. Here are the rates for those options as of today:

ICS:

Balances over \$500,000 would currently pay 0.20% but be completely liquid.

CDARS:

3 month would have an APY of 0.35% 6 month would have an APY of 0.40% 12 month would have an APY of 1.05% 18 month would have an APY of 1.15%

24 months would have an APY of 1.70%

Let me know if you would like to proceed with any of these options.

Thank you!

General Fund

REVENUES

- YTD revenues are above the 6/12th avg of 50% by 30.2%. This is primarily due to the large property tax collections received in December through February and Oil & Gas revenues significantly exceeding budget.
- Sales & Use Taxes: the annual Oncor electric franchise fee came in under budget by \$25,901, however the annual Atmos gas franchise fee came in over budget by \$8,696, yielding a net \$17,205 under budget.
- **Permits & Fees** are ahead of budget due to the large permit received in October of \$3,336 for Lot 4B Garden Town Center-Medical offices, and numerous other permits exceeding budget thresholds.
- **Fines & Fees** are trended up slightly this month. The monthly % of budget was 9.8%, which is above the normal monthly % of 8.3%. However, we are still below the YTD 50% by 5.1%, which equates to approximately \$19,786.
- Life Safety Inspections There were 36 inspections performed this month totaling \$4,680.

An Expense account with noteworthy actual to budget monthly expenditures:

- **110-50 Police Dept Personnel Expenditures** are under budget for the months of Oct-Mar by \$103,123 due to headcount vacancies
- 110-50-6230 Mat/Supplies reflects the purchase a new surface pro laptop for GP, old one broke.
- **110-55 Fire Dept Personnel Expenditures** are under budget for the months of Oct-Mar by \$17,271 due to headcount vacancies.
- **110-60 PW Dept Personnel Expenditures** are under budget for the months of Oct-Mar by \$8,768 due to headcount vacancies

120-Enterprise Fund

- **120.00.4300 & 120.00.4305** Monthly water revenue exceeded monthly budget by \$6,394 and sewer revenue exceeded monthly budget by \$2.958. Water and Sewer revenue are budgeted with seasonality using 3 year trends.
- **120.00.4820 Other Rev: Eqpt Damage Reimbursement** reflects a reimbursement from Atmos for damages to a water line on 2/18/22 at 3612 Roosevelt Drive.
- **120-40 Personnel Expenditures** are under budget for the months of Oct-Mar by \$21,499 due to headcount vacancies
- **120.40.9350 Capital Outlay-Eqpt** reflects the purchase of a skid steer, with a remaining accessory purchase balance of \$8,309.

142-City Hall Fund

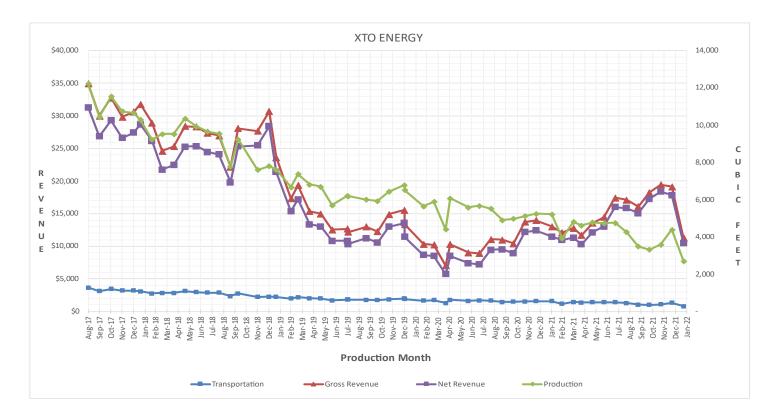

• **142.00.6230 Mat/Supplies: Ofc Eqpt** reflects purchases of a new server for the camera system, \$3,647 and the cost to install a camera & monitor at the side entrance \$1,010.

180-PRFDC Fund

- **180-40-7030 Consultants: Engineer-Regular** reflects costs related to the Elkins Dam Safety Phase I paid to Freese & Nichols. (Contract \$52,000)
- **180-40-8010 Other: Membership/Dues** reflects the annual dues for the Greater Arlington Chamber Corporate Leadership Council

Oil & Gas Reserve Fund

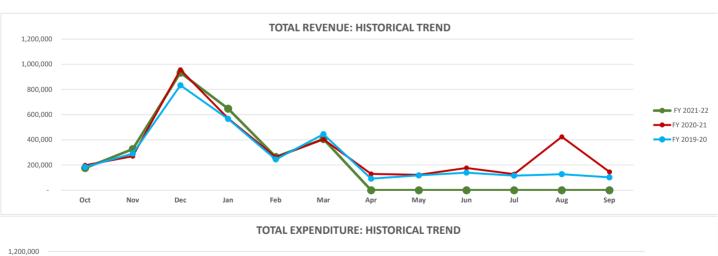

Gas royalties for the month were \$10,459.81. Royalties have a 2 month lag from the receipt month. Jan volume decreased from Dec by 1687.65/cf and a price decrease of \$.19/cf. Jan Rate \$4.1639/cf. MTD royalties came in over budget by \$2,456. This is down from last month by \$7K. Gas Reserve Funds life-to-date are \$577,540.29 (includes interest earned). This balance represents 61.82 days of operating reserve.

City Administrator Report

- 1. <u>May 7, 2022 Election</u>: Reminder, there will still be a special measure to consider continuation of the street sales tax. Canvass is required no later than the 11th day after Election Day which will require a special meeting. Only two council members are needed for a quorum to canvass.
- 2. Mid-Year Budget Review: Reminder, work session on April 28 at 6:00 p.m. for mid-year budget review.
- 3. TX Parks and Wildlife Dept. Small Community Grant: The Park Board was successful in achieving the grant for new playground equipment.
- 4. <u>Janitorial Services Bidding</u>: Bidding is being sought for janitorial cleaning services for both City Hall and DPS buildings. With the difficulty in filling positions, staff is looking at rearranging some duties to better meet the day-to-day needs of the city.
- 5. <u>Software Bidding</u>: Bidding will be sought for certain software programs for permitting, work orders, and asset management. Affordability will determine what staff brings to council for consideration, but these programs are being sought to better streamline duties and manage tasks.
- 6. Other Items: If necessary, other items that arise before the meeting.

Public Works Monthly Staff Report

April 2022

Director's Statement: This month has been full of restructuring on multiple levels, which will continue over the coming months. As a Department we're trying to get everything organized into a procedure of items that Public Works can respond to, compared to what we cannot. The goal is to have open communications and instill a high-quality service level for our Public Works team while not crossing the Public versus Private boundaries. An example of this is service line jetting and televising; We have the equipment to perform these services and during the working hours of 7:00 AM to 4:00 PM our Department could provide these services at no cost to residents who are in need. Because of the size of our Department, it would not be beneficial to provide these services after-hours as call-back. In scenario's that Public Works may not have responded in the past, we will try as often as possible to respond going forward.

Over the next couple of months, I plan to change this Staff report into a detailed Public Works Strategic Plan to be reviewed and adopted by City Council. Afterwards, I would plan to revise the monthly staff report into a smaller data-driven report.

ADMINISTRATIVE

• **COMPLETED TASKS:**

- o Reviewed and discussed current status on potential upcoming projects
- o Completed Monthly Operating Reports and organized monthly calibration requirements with proper equipment
- o Completed Disinfectant Level Quarterly Operating Report due to TCEQ
- o Bryan Davis completed training for Class D water license and will look to test in April
- o Kyle Sugg has renewed Class II Wastewater License
- o New Employee: Carlos Rodriguez has started with the City, bringing over a decade of water and wastewater experience

• ONGOING TASKS AND DEADLINES:

- O Continuing to put together a plan for monthly events, operations, maintenance and reporting requirements; A lot of this will be organized after the result of survey completion by Topographic with the CIP Planning project
- o Reviewed budget items and payment processes; ongoing
- o Completing Monthly, Quarterly, and other reporting requirements

• **UPCOMING TRAINING:**

o Bryan Davis will be testing for Class D Water License in April

• ANNUAL GOALS:

- Complete and organize all required reports and maintain compliance with all Federal, State, and local guidelines regarding all areas covered by Public Works.
- o Provide evidence of potential advantages and affordability of an additional Public Works staff member, growing the Department number by one.
- O Develop a higher efficiency in general operations for the team, while maintaining a positive morale.

- o Effectively complete all budgeted CIP plans and projects or progress them on a fair timeline.
- O Continue updating the GIS system with detailed assets on all Public Works infrastructure including: water, sewer, stormwater, streets, and signs.

WATER

• COMPLETED TASKS:

- Now following reporting guidelines in accordance with the City Nitrification Action Plan (NAP); Additional samplings will be completed weekly
- o Received proposal from NTGCD for a groundwater monitoring well agreement; Plan to have on upcoming agenda
- O Ambassador Row now has a newly installed 6" water main, new services, a new Fire Hydrant, replacing a 6" asbestos concrete water main due to the 47th CBDG Project
- Cul-de-sac flushing valves have been installed in the Ambassador Row Corridor to allow automated water quality improvements in the area.
- o Replaced Repeater at Katherine Court

ONGOING TASKS:

- o Install a sample point at Arkansas pump station prior to water entering the GST
- Meter collector issues at the Roosevelt pump station that have resulted in a high amount of drive-by reads; After troubleshooting, determined components that need to be replaced; Mueller is in process of shipping replacement part; Still waiting on shipment of replacement part from Mueller
- Looking for additional proposals regarding SCADA upgrades; Current proposal includes a much higher level of capabilities than is necessary for the City
- Looking into ROW locations that would be efficient for installation of an additional repeater for gaps that are currently uncovered
- O Staff will begin replacing multiple meters per month of the 36 that have not currently been installed; This is now at 32
- Ordered underground meter sampling stations to be installed at the current (5) locations that are sampled weekly; This will keep City staff out of private property for acquiring these samples

• CURRENT ISSUES:

- Current SCADA system is not fully functional without manual operations during high demands; Soon to receive options to correct these issues
- Additional repeater needed to cover a portion of the City that is not projecting signal;
 Currently looking into easement access or developments that would be efficient for placing a repeater
- Discussed difficulty of water quantity and quality control in Summer demands; Will begin to closely monitor as temperatures and water demands increase
- o Current City maps are not detailed and lacking a lot of information
- o No existing valve and hydrant operating and maintenance procedures
- o 33 additional meters still in need of replacement
- Routine sample sites are using private faucets instead of staying in the ROW for daily testing; Will be looking into implementing sample stations at the meter for these locations

• ANNUAL GOALS:

- Present and discuss potential regarding water sourcing and possible ideas for improved efficiency in the future
- Utilize staff capabilities of providing repairs and replacements in-house rather than outsourcing particular items
- O Begin an assessment of valve, hydrant, and water line conditions to create a priority needs list
- Evaluate water quality closely (particularly during Summer demands) with the mixing water sources and develop a water quality improvement plan
- o Begin an annual system evaluation report

SEWER

• **COMPLETED TASKS:**

- Responded to multiple customer sewer service backing up and provided CCTV info on issue
- Have talked to the City of Arlington regarding the Manhole on Roosevelt near Castelon
 Ct; Reviewed their presentation over this area and will proceed with further discussion on needs in the area
- Now receiving notifications on the monitored Manholes from the COA for any high-level or overflow events
- Unstopped sewer manhole blockage causing multiple houses to have a sewer backup on Home Place Court

ONGNOING TASKS:

- o Create a monthly sewer pull-down list and review appropriate operations of the jetter
- o Create a sewer jetter SOP along with general maintenance procedures
- Keep discussion with Arlington going; Propose a cooperative investigation and fix for the sewer flow issues at these key locations on Roosevelt
- O Create a set operating procedure for issues that the Public Works Department can effectively respond to and assist customers with

• CURRENT ISSUES:

- o The City maps have no indicators for pipe size, pipe flow, or general sewer line information.
- o There is no routine maintenance for sewer lines to remove sediments and debris
- o Through discussions it appears that I&I is a significant issue during heavier rain events

• ANNUAL GOALS:

- o Create a list of monthly pull-downs for areas of recurring issues
- Create a yearly pulldown list that will clean all sewer lines to the best capability over the course of each year
- O Utilize GIS system to incorporate sewer manhole / cleanout details of pipe size, pipe material, pipe flows, and depths
- Finish out GIS information with accurate City-wide details; Must be completed in order to create a City-wide annual maintenance pull-down list
- Evaluate methods to reduce inflow and infiltration in the sewer system (i.e. rain catchers at manholes, potential lining of brick manholes)

STREETS

• **COMPLETED TASKS:**

- o Drove all City streets and upcoming potential CIP to evaluate
- o Completed a Street Sign Index spreadsheet that itemizes all street signs throughout the City

• ONGOING TASKS:

- o Reviewing the GIS system with intent to coordinate and create a street condition index
- o Reviewing the GIS system with intent to coordinate and create a street sign condition index
- Due to resident inquiry regarding lack of street lighting on Arkansas Ln, I have opened discussion with Oncor requesting a quote for installation of street lights on Arkansas to present at a future Council meeting
- O Utilize the Street Sign Index to grade all existing street signs and begin a replacement program
- o Meeting with vendors for quotes on striping parking lots and Arkansas Ln
- o More to come with Topographic results on CIP Planning project

• CURRENT ISSUES:

- o Various streets are suffering from issues caused by underground infrastructure failures
- O Street signs in many locations are in poor condition and in need of replacements
- No index of asset list and condition

• ANNUAL GOALS:

- o Update GIS system with higher detail on street condition, material, and needs
- o Update the GIS system with a street sign index that can correlate to an excel spreadsheet for yearly replacements of signs that have reached poor condition
- o Create a CIP priority list based on the prior two items

STORMWATER

• **COMPLETED TASKS:**

- Began to review and prepare the 2022 MS4 Permit with correlated results of the 2021 BMP's
- Contractors have cleared out a large portion of the spillway and dam, southwest of the gas well at Elkins Lake

• ONGOING TASKS:

- o Evaluating storm drainage systems around the City to identify possible areas of failure
- o Reviewing current methods of introducing stormwater related projects
- o Creating a monthly flume cleaning list
- Present the idea of a minor storm water fee to begin a general revenue stream for stormwater related projects; Planning to have this prepared for presntation prior to next fiscal budget
- Further investigation ongoing on the dam and requirements for TCEQ; Information will be provided as Staff receives information and expectations from consultants

• CURRENT ISSUES:

- o No current revenue stream for stormwater CIP
- O Various pipe failure points throughout the City leading to sink-holes and pot-holes

ANNUAL GOALS:

- O Plan to create a monthly flume/stormwater cleaning maintenance log to ensure runoff is consistently able to flow properly.
- Various items for the MS4 Permit need to be implemented this year in order to maintain appropriate compliance.
- o Potentially implement a stormwater fee to address large level CIP infrastructure needs

ANIMAL CONTROL

COMPLETED TASKS:

- o Multiple responses to dead animal disposal
- o Relocated raccoon from dangerous traffic area

ONGOING TASKS:

- Reviewing procedures and contracts regarding animal control; this includes responding to stray complaints, captured animal complaints, trapping requests, mosquito trapping, mosquito prevention, dead animal removal requests, and disposition of animals
- When annual mosquito testing begins, planning for staff to attend the seasonal conference for testing procedures and data; Future data regarding mosquito testing results will appear in this section

• CURRENT ISSUES:

Staff is untrained in animal control protocols

• ANNUAL GOALS:

- o Discuss with Council whether to implement a mosquito control program
- o Get all staff members certified as Animal Control Officers

PARK

• **COMPLETED TASKS:**

- o Park drinking fountains have been repaired and are in working order
- o Various irrigation repairs made at the Marquee planting bed
- o New Kiosk installed on the south end of the Park and lowered properly
- o Parks and Wildlife Grant has been accepted; Meeting with grant coordinator in late April

• ONGOING TASKS:

 Need to review overall planning and maintenance of the Park as well any existing master plans

• CURRENT ISSUES:

- o Acquiring grants and funding to pay for necessary improvements
- o Completing necessary maintenance of the dam as top priority

• ANNUAL GOALS (PHASE I – Years 2021 thru 2024):

- o Based on Park 10-Year Plan:
- o Add and update playground equipment suitable for school-age children (5-12)
- O Soccer area level field, add concrete pad for current stand (ensure pad is wider than stands), add trash can
- o Find solution to storm water drainage damage

- Upgrade chat trails to concrete or other permanent sidewalks
- o Replace wood bridge between playground and baseball field
- Install bridge or walkway across the drainage area on chat trail near playground to meet ADA standards
- Add ADA concrete pad/trail/boardwalk from parking lot to picnic area on east side of lake closest to Public Works barn
- o Improve picnic area adjacent to parking lot closest to Public Works barn by enlarging concrete pad, including ADA accessible tables
- o Improve informational signage including educational signage for fish/birds/other species and trees
- Add rock border to flower beds
- o Add recycle bins and upgrade trash receptacles throughout the park
- o Add native plants to sidewalk bordered area between bridge and playground
- o Add sedges and other native plants to prevent erosion and improve water quality
- o Expand and add ADA parking space to East side of lake, closest to the Public Works barn

- d. Ratification of invoice from Gratex Utilities in the amount of \$5,200 emergency water repair on Roosevelt Drive, of which shall be fully reimbursed by Atmos Energy since the repair was required as a result of their emergency gas leak repair.

A motion was made by Mayor Pro Tem Ed Motley and seconded by Council Member John King to approve the Consent Agenda.

Motion carried by the following vote:

Ayes: Members King, Lafferty, Stein, and Motley

Nays: None

8. REGULAR AGENDA

- a. FY 2020-2021 annual financial audit.
 - i. Receive FY 2020-2021 audit presentation from BrooksWatson & Co., PLLC.
 - ii. Consider approval of Resolution No. 2022-06 accepting the FY 2020-2021 annual financial audit.

Background information on this item: In accordance with Chapter 103 of the Local Government Code, the city's auditor, BrooksWatson & Co, will be presenting the audit report for FY 2020-2021. The audit committee that consisted of Mayor Bianco, Mayor Pro Tem Ed Motley, and Council Member Steve Lafferty, met on March 10, 2022 and received detailed information regarding the audit. BrooksWatson & Co. was present at the council meeting to provide a presentation.

A motion was made by Mayor Pro Tem Ed Motley and seconded by Council Member Steve Lafferty to approve Resolution No. 2022-06 accepting the FY 2020-2021 annual financial audit.

Motion carried by the following vote:

Ayes: Members King, Lafferty, Stein, and Motley

Nays: None

b. Discussion and possible action to approve a contingent fee contract with Perdue Brandon Fielder Collins and Mott, LLP, and associated Ordinance No. 2022-07, pursuant to Article 103.0031 of the Code of Criminal Procedure, said contract being for the collection of delinquent government receivables owed to City of Dalworthington Gardens and notice of said contract is posted with the agenda in accordance with Section 2254 of the Government Code.

Background information on this item: The City has used MSB Collections for many years for the collection of outstanding municipal court fines and fees. There are some challenges with MSB in that city staff is responsible for the collection of MSB's percentage fee which causes discrepancies in what is billed to the city. Thus, the Finance Department is tasked with tracking costs charged and comparing against the MSB bill which has been cumbersome and extremely time consuming.

Perdue et al (Perdue) provides services in a different way. They take care of collection of fees which takes the burden off of staff to manage discrepancies with charges. They provide a website that can be linked to the City's, making it easier for staff to enter payments through their portal, which in turn makes sure collections are more accurate. City staff will also have portal access with up to date information for reports, whereas MSB's web portal was more limited. Perdue is a local company in Arlington making access to staff easier. MSB was previously in Texas but relocated to New York. Perdue is a collection law firm which affords them access to certain databases to

finalize disposition of cases that a typical collection company would not have access. Perdue also employs staff members who previously worked in local government and have experience in the same capacities as DWG staff members. The 30% collection fee is set by statute. Thus, there is no change if the City moves to Perdue, and the City bears no cost for this service.

Staff was requesting to move from MSB Collections to Perdue Brandon Fielder Collins and Mott, LLP for collection of outstanding municipal court fines and fees.

A motion was made by Mayor Pro Tem Ed Motley and seconded by Council Member Cathy Stein to approve a contingent fee contract with Perdue Brandon Fielder Collins and Mott, LLP, and associated Ordinance No. 2022-07, pursuant to Article 103.0031 of the Code of Criminal Procedure, said contract being for the collection of delinquent government receivables owed to City of Dalworthington Gardens and notice of said contract is posted with the agenda in accordance with Section 2254 of the Government Code.

Motion carried by the following vote:

Ayes: Members King, Lafferty, Stein, and Motley

Nays: None

c. Discussion and possible action to approve the purchase of a mini-excavator in the amount of \$63,422 utilizing Buy Board contract #597-19 with United Ag & Turf.

Background information on this item: Staff has reached out for revised quotes with the smallest mini-excavator that could still provide the full extent of duties that could be utilized by the Public Works Department. Staff recommends a larger model than originally quoted, along with the necessary attachments. This revised quote includes everything that is believed to benefit the Public Works Department and the services they will provide. The attached quote includes the mini-excavator at buy-board purchasing cooperative pricing, an 18" bucket, a 12" bucket, hydraulic clamp (thumb), hydraulic jackhammer, and a trailer suited for the excavator.

Current budget contains \$94,779.00 in the 120.40.9350 Capital Outlay – Equipment fund account. Staff is recommending approval for the amount of \$63,422.00 for purchasing of a mini-excavator and attachments as quoted through a buy-board agreement. This would leave \$31,357.00 remaining in this account.

In further detail, this account was intended to utilize the approved SCADA upgrade cost of \$46,000.00 as well. After getting into the details of the quote, staff is not comfortable moving forward with the intended plan for the SCADA system that was originally quoted and would like to evaluate other options at a lower cost that may be efficient. The proposed SCADA upgrades contain equipment for much higher capabilities than the City water system needs, which would result in overpaying for equipment that isn't necessary for operations.

A motion was made by Council Member Cathy Stein and seconded by Council Member John King to approve the purchase of a mini-excavator and accessories in the amount of \$63,422 utilizing Buy Board contract #597-19 with United Ag & Turf.

Motion carried by the following vote:

Ayes: Members King, Lafferty, Stein, and Motley

Nays: None

d. Discussion and possible action regarding changes to the City of Dalworthington Gardens Code of Ordinances, Article 5.02, Fire Code, to add language for assessing penalties for failure to pay annual fire inspection fees.

Background information on this item: In June of 2021, City Council directed staff to research a different scale for penalties for failure to pay annual fire inspection fees.

Section 5.02.006(5) of the city's ordinances provides the authority for collection of fees for annual fire inspections. However, there is not a mechanism in place to compel payment of these fees. Staff is requesting to add language to allow certain steps and penalties be assessed, including late fees, to encourage timely payment of said fees. Staff currently has a process in place where multiple invoices/notices are sent for payment of fire inspection fees. If this language is added to the ordinances, it would either be added to the invoice or sent on an additional notice. A payment plan option has been added for cases where that could assist with final payment of fees. Revocation of a certificate of occupancy would be an absolute last resort if staff could not gain any payment towards outstanding balances.

A motion was made by Mayor Pro Tem Ed Motley and seconded by Council Member Steve Lafferty to direct staff to work with the city attorney to make changes to the City of Dalworthington Gardens Code of Ordinances, Article 5.02, Fire Code, to add language for assessing penalties for failure to pay annual fire inspection fees, with changes to language to a two month time period instead of six months for payment plans and use the term "suspension" instead of "revocation" for CO.

Motion carried by the following vote:

Ayes: Members King, Lafferty, Stein, and Motley

Nays: None

e. Discussion and possible action regarding a change to the City Comprehensive Financial Policy to change how audit committee members are selected each fiscal year.

Background information on this item: The City Comprehensive Financial Policy requires audit committee members to be approved by resolution. The current process is staff chooses members on a rotation basis, selecting members who did not serve the previous year. Then, a resolution is prepared to finalize that at a council meeting. A more efficient process would be to allow staff to select members on a rotation basis without having to bring a resolution to council. Staff is requesting to change the policy to reflect this new process.

A motion was made by Mayor Pro Tem Ed Motley and seconded by Council Member Steve Lafferty to approve suggested language but add that the Mayor will appoint committee members.

Motion carried by the following vote:

Ayes: Members King, Lafferty, Stein, and Motley

Nays: None

f. Discussion and possible action to approve an agreement with Northern Trinity Groundwater Conservation District to repurpose the groundwater wells as district monitoring wells.

Background information on this item: After meeting with the Northern Trinity Groundwater Conservation District (NTGCD) representative, it was determined that their team would be very interested in using the City wells as groundwater monitoring wells. This agreement would be mutually beneficial. For the City it provides a purpose to the wells that will suffice for State requirements on wells that are not currently in use, while ultimately keeping them accessible for potential future use if necessary. For the NTGCD it allows for constant potential of data acquisition for groundwater levels in different aquifers.

After discussion, the NTGCD seemed interested in installing equipment for constant monitoring as it is a great location for data that they are tracking. Staff recommends approval to make an agreement with the Northern Trinity Groundwater Conservation District to allow for the monitoring of groundwater levels through the City of Dalworthington Garden wells.

A motion was made by Council Member Cathy Stein and seconded by Mayor Pro Tem Ed Motley to approve an agreement with Northern Trinity Groundwater Conservation District to repurpose the groundwater wells as district monitoring wells.

Motion carried by the following vote:

Ayes: Members King, Lafferty, Stein, and Motley

Nays: None

g. Discussion and possible action regarding Project #2021-02, the Tarrant County Community Development Block Grant program for Ambassador Row, to include but not limited to any change order approval.

Background information on this item: This will be a recurring item for Project #2021-02, the 47th Year CDBG project for Ambassador Row. There is nothing to report at this time.

No action taken.

h. Discussion and possible action regarding amendments to the FY 2021-2022 budget in amounts not to exceed \$10,000.00.

Background information on this item: This is a standing agenda item that will appear on all future agendas. The idea is provide an item whereby staff can discuss needs that come up after the agenda posting deadline. These would only be items that, without council approval, would otherwise put operations on hold.

No action taken.

9. TABLED ITEMS

a. Discussion and possible action regarding consideration of bond requirements for oil and gas drilling.

Item not addressed.

10. FUTURE AGENDA ITEMS

None

11. ADJOURN

The meeting was adjourned at 8:02 p.m.

ORDINANCE NO. 2022-09

AN ORDINANCE AMENDING THE BUDGET FOR THE CITY OF DALWORTHINGTON GARDENS, TEXAS, FOR THE FISCAL YEAR OCTOBER 1, 2021 THROUGH SEPTEMBER 30, 2022

WHEREAS, an annual operating budget for the fiscal year October 1, 2021 through September 30, 2022, was approved and adopted by the City Council of the City of Dalworthington Gardens, Texas, on September 16, 2021, and

WHEREAS, amendments to said budget have been deemed necessary as itemized in "Exhibit A" attached hereto and made a part hereof; and

WHEREAS, said full and final consideration of said budget amendments have been held in a legally posted public meeting of the Dalworthington Gardens City Council, and it is the consensus of opinion that the budget amendments as submitted, should be approved and adopted.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DALWORTHINGTON GARDENS, THAT:

Section 1. The City Council for the City of Dalworthington Gardens, Texas, does hereby ratify, adopt, and approve the budget amendments as itemized in "Exhibit A" for the fiscal year beginning October 1, 2021 through September 30, 2022.

RESOLUTION NO. 2022-07

A RESOLUTION OF THE DALWORTHINGTON GARDENS CITY COUNCIL APPROVING AMENDMENTS TO THE COMPREHENSIVE FINANCIAL MANAGEMENT POLICY

WHEREAS, the City Council desires to make changes to the Comprehensive Financial Policy regarding how the audit committee members are selected.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALWORTHINGTON GARDENS, THAT:

Section 1. The Comprehensive Financial Management Policy is hereby adopted and the final Policy is attached hereto as Exhibit A.

PASSED AND APPROVED on this April 21, 2022.

CITY OF DALWORTHINGTON GARDENS, TEXAS COMPREHENSIVE FINANCIAL MANAGEMENT POLICY STATEMENTS

Purpose

The Comprehensive Financial Management Policy Statements assembles all of the City's financial policies into one document. These statements are the tools used to ensure that the City is financially able to meet its current and future service needs. The individual statements contained herein serve as guidelines for both the financial planning and internal financial management of the City.

Municipal resources must be wisely used to ensure adequate funding for the services, public facilities, and infrastructure necessary to meet immediate and long-term needs. These policy statements safeguard the fiscal stability required to achieve the City's objectives and ensure long-term financial health.

Objectives

- A. To guide City Council and management policy decisions that have significant fiscal impact.
- B. To employ balanced revenue policies that provide adequate funding for services and service levels.
- C. To maintain appropriate financial capacity for present and future needs.
- D. To maintain sufficient reserves so as to maintain service levels during periods of economic downturn.
- E. To promote sound financial management by providing accurate and timely information on the City's financial condition.
- F. To protect the City's credit rating and provide for adequate resources to meet the provisions of the City's debt obligations on all municipal debt.
- G. To ensure the legal use of financial resources through an effective system of internal controls.
- H. To promote cooperation and coordination with other governments and the private sector in financing and delivery of services.

I. ACCOUNTING, AUDITING, AND FINANCIAL REPORTING

Maintain accounting practices that conform to Generally Accepted Accounting Principles (GAAP) and comply with prevailing federal, state, and local statutes and regulations. Provide for, prepare and present regular reports that analyze and evaluate the City's financial performance and economic condition.

A. Accounting Practices and Principles

The City will maintain accounting practices that conform to Generally Accepted Accounting Principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB), the authoritative standard setting body for units of local government. All City financial documents, except monthly interim financial reports, including official statements accompanying debt issues, Annual Financial Statements and continuing disclosures statements will meet these standards.

B. Financial and Management Reporting

- 1. Interim Financial Reports will be provided monthly to management and City Council that explains key economic and fiscal developments and note significant deviations from the budget. These reports will be distributed monthly by the regularly scheduled City Council meeting for the prior month.
- 2. A mid-year budget evaluation will be held during a council meeting following the end of the first six months. Budget amendments can be presented, as needed, during monthly council meetings.

C. Annual Audit

Pursuant to State Statute, the City shall have its records and accounts audited annually and shall have an annual financial statement prepared based on the audit. The audit shall be performed by a certified public accounting (CPA) firm, licensed to practice in the State of Texas. The annual financial statement, including the auditor's opinion, shall be filed within 180 days after the last day of the City's fiscal year. The audit firm shall also provide a Single Audit of Federal and State grants, when necessary. The Finance Director shall be responsible for establishing a process to ensure timely resolution of audit recommendations.

1. Audit Committee Appointment

The primary purpose of the audit committee is to assist City Council and the City Administrator in fulfilling oversight responsibilities for financial reporting, audit processes, and effective internal control systems. The audit committee shall consist of the Mayor, two (2) members of the City Council, Finance Director, and City Administrator. The members of the City Council shall be selected by the Mayor, serve on a rotation basis, and no member shall serve on the committee in consecutive years. The only exception to members not serving in consecutive years is if no other members are able to serve in a given year.

2. Annual Financial Disclosure

As required by the Securities and Exchange Commission (SEC) Rule 15c2-12, the City will provide certain annual financial information to various information repositories through disclosure documents or set of documents that include the necessary information. This will include any periodic materials event notices as required by the SEC.

D. Signature of Checks

Pursuant to City Code §1.06.002, all checks shall have two signatures, signed by one elected official and one appointed official of the city, as designated by resolution of the City Council. Checks shall be signed by hand.

E. Compliance with Council Policy Statements

The Financial Management Policy Statements will be reviewed bi-annually and updated, revised or refined as deemed necessary. Policy statements adopted by City Council are guidelines, and occasionally exceptions may be appropriate and required. Exceptions will be identified, documented, and explained to City Council and/or the City Administrator.

II. BUDGET AND LONG-RANGE FINANCIAL PLANNING

A. Balanced Budget

The Mayor shall prepare a structurally balanced budget for the ensuing fiscal year for review and approval by the City Council pursuant to the prevailing state and local law. A structurally balanced budget is further defined as recurring revenues funding recurring expenditures and adherence to fund balance policies.

B. Current Funding Basis (Recurring Revenues)

The City shall budget and operate on a current funding basis. Recurring expenditures shall be budgeted and controlled so as not to exceed current revenues. Recurring expenses will be funded exclusively with recurring revenue sources to facilitate operations on a current funding basis.

C. Use of Non-Recurring or Depleting Revenues

Non-recurring or depleting revenue sources, such as a one-time revenue remittance of fund balance in excess of policy can only be budgeted/used to fund non-recurring expenditures, such as capital purchases or capital improvement projects. This will ensure that recurring expenditures are not funded by non-recurring sources.

D. Tax Rate

The Mayor will recommend a tax rate that the City finances require in order to operate efficiently, yet effectively, and pay its debt.

1. Over-Age and Disabled Persons Exemptions

The City currently grants a \$60,000 exemption for persons 65 or older and for disabled persons. An eligible disabled person who is sixty-five (65) years of age or older may not receive both the disabled and elderly exemption, but may choose either. If two or more individuals who are eligible for an exemption under this article own the same residence homestead, the exemptions for each may not be combined and only one (1) owner may receive the exemption. Eligibility for this exemption is determined by an individual's and his or her residence's qualifications on January 1 of the tax year, beginning 2005.

E. Pay as You Go Capital Projects

The transfer from the City's General Fund and the City's Enterprise Fund to fund pay-as-you-go capital projects will be budgeted when financially feasible and when projects present themselves for funding. The transfer will be based on the financial health of each fund with the long-term goal of adequately funding infrastructure rehabilitation.

F. Revenue Estimating for Budgeting

- 1. In order to protect the City from revenue shortfalls and to maintain a stable level of service, the City shall use a conservative, objective, reasonable and analytical approach when preparing revenue estimates. The process shall include historical collection rates, trends, development, and probable economic changes. This approach is intended to reduce the likelihood of actual revenues falling short of budget estimates and should avoid mid-year increases in city service charges.
- 2. The City, whenever possible, will seek outside sources of revenue, such as federal, state, and local grants, in order to leverage local dollars.
- 3. Estimates from grant sources will be projected only to the specific date on which the entitlement will end.

G. Budget Preparation

1. Department heads have primary responsibility for formulating budget proposals. New or expanded services should support City Council goals and priorities. Department Heads are charged with implementing their budgets once they are approved.

- 2. All competing requests for City resources will be prioritized within the formal annual budget process and resolved by City Council.
- 3. Actions on items that come up throughout the year with significant financial impacts should be withheld until they can be made in the full context of the annual budget process and long-range plan, unless unforeseen circumstances present themselves.

H. Budget Management

The City Council shall delegate authority to the department heads in managing the budget after it is formally adopted by the City Council, including the transfer of funds within departments. Department heads may further delegate levels of authority for the daily operations of the budget. Expenditures/expenses are legally adopted at the department level. Expenditures/expenses should not exceed the adopted budget. Any changes between departments must be approved by the City Council.

I. Amended Budget

In order to preserve fund balances/ending balances based on projected revenues and expenditures/expenses for the current fiscal year, City Council will amend the annual budget for all funds as set forth in the projections. City Council may amend the current fiscal year budget as needed.

J. Operating Deficits

The City Council shall take immediate corrective action if at any time during the fiscal year expenditure and revenue estimates are such that "net income" is lower than budgeted. Corrective actions may include:

- Deferral of capital equipment purchases
- Deferral of pay-as-you go capital improvements
- Expenditure reductions
- Deferral of certain positions
- Hiring freezes
- Freeze merit increases
- Use of fund balance
- Use of volunteers
- Increase fees
- Reduce work hours with subsequent reduction in pay
- Eliminate positions which may require laying-off employees if there are no other vacant positions for which they are qualified.

The use of fund balance, which is a one-time revenue source, may be used to fund an annual operating deficit, only with approval of a plan by Council to replenish the fund balance if it is brought down below policy level.

III. REVENUES

Design, maintain and administer a revenue system that will assure reliable, equitable, diversified and sufficient revenue stream to support desired City services.

A. Balance and Diversification in Revenue Sources

The City shall strive to maintain a balanced and diversified revenue system to protect the City from fluctuations in any one source due to changes in local economic conditions, which may adversely impact that source.

B. User Fees - General Fund

- 1. For services that benefit specific users, the City shall establish and collect fees to recover the costs of those services. Where services provide a general public benefit, the City shall recover the costs of those services through property and sales taxes.
- 2. At a minimum, the City will strive to cover direct costs.
- 3. User fees should be reviewed annually and adjusted to avoid sharp changes.

- 4. Factors in setting fees shall include, but not be limited to: market and competitive pricing, effect of demand for services, and impact on users, which may result in recovering something less than direct, indirect and overhead costs.
- 5. The City may set a different fee for residents versus non-residents.
- 6. User fees should be authorized by Council Ordinance.

C. User Fees - Enterprise Funds

- 1. Utility rates and other Enterprise Fund user fees shall be set at levels sufficient to:
 - a. cover operating expenditures (direct and indirect)
 - b. meet debt obligations and debt service coverage
 - c. provide pay-as-you-go funding for capital improvements
 - d. provide adequate levels of working capital.

D. Non-recurring or Depleting Revenue Sources

- 1. Non-recurring or depleting revenue sources should not be used for ongoing expenses/expenditures.
- 2. Non-recurring or depleting revenue sources will be used as follows:
 - a. maintain or replenish fund balances
 - b. purchase capital improvements
 - c. purchase capital equipment
 - d. reduce debt

E. Revenue Collection

The City shall maintain high collection rates for all revenues by monitoring monthly receivables. The City shall follow an aggressive, consistent, yet reasonable approach to collecting revenues to the fullest extent allowed by law for all delinquent taxpayers and others overdue in payments to the City.

Revenues actually received will be compared to budgeted revenues by the Finance Director and any variances considered to be material will be investigated. This process will be summarized in the monthly financial report. (See I.B. Financial and Management Reporting.)

F. Write-Off of Uncollectible Receivables

(excludes property taxes, court fines and warrant)

- 1. Receivables shall be considered for write-off as follows:
 - a. State statute authorizing the release of extinguishment, in whole or in part, of any indebtedness, liability, or obligation, if applicable.
 - b. Accounts shall be written-off annually near year-end.
 - c. The write-off of uncollected accounts is a bookkeeping entry only and does not release the debtor from any debt owed to the City.

IV. EXPENDITURES

Identify services, establish appropriate service levels and administer the expenditure of available resources to assure fiscal stability and the effective and efficient delivery of those services.

A. Maintenance of Capital Assets

Within the resources available each fiscal year, the City shall maintain capital assets and infrastructure at sufficient level to protect the City's investment, to minimize future replacement and maintenance costs, and to maintain service levels.

B. Periodic Program/Services Reviews

The Mayor and staff shall undertake periodic reviews of City programs and services for both efficiency and

effectiveness. Programs or services determined to be inefficient and/or ineffective shall be recommended through the annual budget process to be reduced in scope or eliminated.

C. Purchasing

All City purchases of goods and services shall be made in accordance with the City's current *Purchasing Policy*.

V. FUND BALANCE AND RESERVES

Maintain the fund balance and working capital of the various operating funds at levels sufficient to protect the City's credit worthiness as well as its financial position during emergencies or economic fluctuations.

A. General Fund Unrestricted Fund Balance

The City shall maintain the General Fund unrestricted fund balance equivalent to three (3) months of recurring operating expenditures with a goal of maintaining 135 to 180 days, based on current year budget expenditures. If the fund balance exceeds this amount, funding non-recurring expenditures in the following fiscal year may be used to draw down the balance. The measuring metric will be determined at fiscal yearend.

B. Water/Sewer Unreserved Working Capital

The City shall maintain a working capital sufficient to provide for reserves for emergencies and revenue shortfalls. A cash equivalent operating reserve equivalent to three (3) months of recurring operating expenses with a goal of maintaining 135 to 180 days, based on current year budget expenses. If the operating reserve exceeds this amount, funding non-recurring expenses in the following fiscal year may be used to draw down the balance. The measuring metric will be determined at fiscal yearend.

C. CCPD Fund Balance

The City shall maintain the CCPD Fund unrestricted fund balance equivalent to three (3) months of recurring operating expenditures with a goal of maintaining 135 to 180 days, based on current year budget expenditures. If the fund balance exceeds this amount, funding non-recurring expenditures in the following fiscal year may be used to draw down the balance. The measuring metric will be determined at fiscal yearend.

The cash operating reserve is derived by dividing the total cash equivalents balance by recurring operating expenses.

D. Use of Fund Balance/Working Capital

Fund balance/Working Capital shall only be used for emergencies, non-recurring expenditures/ expenses or major capital purchases that cannot be accommodated through current year savings and by approval of City Council. Should such use reduce balances below the level established as the objective for that fund, restoration recommendations will accompany the request/decision to utilize said balances.

E. Debt Interest & Sinking (I & S) Fund Restricted Fund Balance

The City shall maintain the debt I & S fund balance at a sufficient level to cover the upcoming annual debt service requirement.

F. Parks & Recreation Facilities Development Corporation

As sales tax revenue fluctuates due to changes in economic conditions, the PRFDC shall maintain a fund balance of no less than 10% of budgeted sales tax revenues unless a higher amount is identified for an upcoming capital expenditure.

G. Water/Sewer Revenue Debt Coverage Reserves

Revenues shall be maintained at 1.5 times coverage in a fiscal year. Coverage will take into account tax-backed

debt issued for the water/sewer system.

H. Bond Issuance Reserves

Debt service reserves should be maintained for each bond issue as required by bond covenants.

I. Fund Balance Classification

The governmental fund financial statements will present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor certain constraints on the use of the financial resources within the governmental funds. The classifications used will be as follows:

- Nonspendable: Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Examples include Inventories, prepaid items, etc.
- Restricted: Amounts for which constraints have been placed on the use of resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Restricted fund balances include but may not be limited to: special court funds created by state statute, debt I & S fund, state and federal forfeitures/seizures, Park & Recreational Facilities Development Corporation Fund, Crime Control Prevention District Fund, street sales tax fund, park donation revenues, unspent bond proceeds, unspent grant funds, unspent capital lease proceeds, and unspent funds received pursuant to funding, developer, and/or TxDOT agreements.
- Committed: Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed.
- Assigned: Amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. In governmental funds other than the general fund, assigned fund balances represents the amount that is not restricted or committed. This indicates that those resources are, at a minimum, intended to be used for the purpose of that fund. Examples include: residual funds in all governmental funds except the General Fund and outstanding encumbrances at year-end.
- Unassigned: Is the residual classification of the general fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose.

Commitment of Fund Balance:

• The City Council is the City's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is an ordinance approved by the City Council. The ordinance must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in a subsequent period.

Assignment of Fund Balance:

• The City Council has authorized the Finance Director as the official authorized to assign fund balance to a specific purpose pursuant to the guidelines.

Order of Expenditure of Funds:

• When multiple categories of fund balance are available for expenditure, the City would typically use Restricted fund balances first, followed by Committed, and then Assigned, but reserves the right to selectively spend from any of the categories, including Unassigned based upon the individual circumstances.

VI. CAPITAL EXPENDITURES AND IMPROVEMENTS

Annually review and monitor the state of the City's capital equipment and infrastructure, setting priorities for its replacement and renovation based on needs, funding alternatives, and availability of resources.

- 1. Tangible capital items should be capitalized only if they have an estimated useful life of one (1) year or more following the date of acquisition or significantly extend the useful life of the existing asset and cannot be consumed, unduly altered, or materially reduced in value immediately by use and have a cost of not less than \$5,000 for any individual item or group of items (i.e.: desks, chairs, etc.).
- 2. The capitalization threshold of \$5,000 will be applied to individual items or to a group of similar items (i.e.: desks, chairs, etc.).
- 3. The responsibility for the custody, use, control, and care of City property lies with each City department. Each department head should ensure that the department maintains adequate internal control procedures.
- 4. For depreciation details, refer to the City's Capitalization & Depreciation Policy in its entirety.

B. Five-Year Capital Improvement Plan (CJP)

- 1. The City shall annually prepare a five-year capital improvement plan based on the needs for capital improvements and equipment, the status of the City infrastructure, replacement and renovation needs, and potential new projects. Capital projects are improvements or additions to the City's physical plant/facilities/infrastructure and become a part of the City's asset inventory. Capital projects can be further categorized into land, buildings, improvements other than buildings, and infrastructure, which includes roads, sidewalks, bridges, utility lines, physical plants, etc. Capital costs typically consist of preliminary design, final design, and construction, and may involve the acquisition of land or easements. For purposes of the CIP Plan, a Capital Improvement Project should generally exceed a cost of \$50,000.
- 2. For the most part, projects in the CIP should be based upon master plans or developer agreements. This ensures that the City's CIP, which is the embodiment of the recommendations of these individual planning studies, is responsive to the officially stated direction of the City as contained in the Comprehensive Plan.
- 3. For every project identified in the CIP, a project scope and project justification will be provided. Also, project costs shall be estimated, funding sources identified and annual operation and maintenance costs computed.
- 4. The City Administrator is charged with recommending a Capital Improvement Plan to City Council. The CIP shall be filed and adopted in conjunction with the annual budget.
- 5. Annually, through the budget process and at year-end, projects are to be reviewed. For those identified as complete, any remaining funds will close to fund balance. For those projects with identified savings, the project budget will be reduced and the subsequent savings will flow to fund balance. These funds can then be reappropriated during the next fiscal year capital budget. Funds remaining from bond proceeds will only be used in accordance with the legal use of those funds. Funds needed for any uncompleted projects in Construction in Progress status shall be reappropriated in the next fiscal year's budget.

C. Infrastructure Evaluation and Replacement/Rehabilitation

Water, wastewater, drainage, streets and sidewalks, municipal facilities and other infrastructure are fundamental and essential functions for public health and safety, environmental protections and the economic well-being of the City. As a result, the City's CIP should be focused on ensuring that infrastructure is replaced as necessary to protect the City's investment, to minimize future replacement and maintenance costs, and to maintain existing levels of service and accommodate growth.

- 1. High priority should be given to replacing/rehabilitating capital improvements prior to the time that they have deteriorated to the point where they are hazardous, incur high maintenance costs, negatively affect property values, or no longer serve their intended purpose.
- 2. The decision on whether to repair, replace or to rehabilitate an existing capital asset will be based on which alternative is most cost-effective, which would include life-cycle costing, and provides the best value to the City.

D. Replacement of Capital Assets on a Regular Schedule (Fleet and High-Tech)

The City shall annually prepare a schedule for the replacement of its DPS (excluding fire trucks), public works fleet, and high technology capital assets. Funding for the replacement of these assets will be accomplished through the annual budget process, within the resources available each fiscal year. A variety of funding options will be explored, including but not limited to cash on hand and lease/purchase, based upon a determination of what would be in the best interest of the City.

E. Capital Expenditure Financing

The City recognizes that there are three basic methods of financing its capital requirements: Funding from current revenues; funding from fund balance; or funding through the issuance of debt. Types of debt and guidelines for issuing debt are set forth in the Debt Policy Statements in Section VII.

F. Pay-As-You-Go Capital Improvements

- 1. The City will make best efforts to pay cash for capital improvements within the financial affordability of each fund versus issuing debt when funding capital improvements and capital purchases. This will reduce/minimize the property tax and utility rate impacts on DWG citizens.
- 2. The City will seek out and use intergovernmental funding sources for capital improvements in order to leverage City funding and to minimize property and utility rate impacts.

G. Capital Improvements/Project Reporting

A summary/status report on the City's various capital projects will be prepared monthly by the City Administrator and made available to City Council. Income statements on the City's CIP funds will be prepared monthly and include budget-to-actual for each project as well as list of major contracts, expense to date, and percentage of contract completion.

VII. DEBT

Establish guidelines for debt financing that will provide needed facilities, land, capital equipment and infrastructure improvements while minimizing the impact of debt payments on current and future revenues.

A. Use of Debt Financing

Debt financing, to include general obligation bonds, revenue bonds, certificates of obligation, certificates of participation, lease/purchase agreements, and other obligations permitted to be issued or incurred under Texas law, shall only be used to purchase capital assets that cannot be prudently acquired from either current revenues or fund balance and to fund infrastructure improvements and additions. Debt will not be used to fund current operating expenditures.

The City will pay cash for capital improvements within the financial affordability of each fund versus issuing debt when funding capital expenditures and capital improvements, which shall include, but not be limited to, sales tax, utility system revenues, developer fees, inter-local agreements, and state and federal grants.

B. Affordability

The City shall use an objective analytical approach to determine whether it can afford to issue general-purpose debt, both General Obligation and Certificates of Obligation, water/sewer debt, sales tax revenue debt, and any other financing permitted by State law. The process shall include an internal feasibility analysis for each long-term financing which analyzes the impact on current and future budgets, which would include the tax and utility rates. The process shall also include the benefits of the proposed projects. The decision on whether or not to issue new debt shall be based on the benefits of the project, current conditions of the municipal bond market, and the City's ability to "afford" new debt.

C. Types of Long-Term Debt

1. General Obligation Bonds (GO)

General Obligation bonds require voter approval and are secured by a promise to levy taxes in an amount necessary to pay annual debt service.

a. General Obligation bonds must be issued for projects that are in accordance with the wording in the bond proposition.

2. Certificates of Obligation

Certificates of Obligation (CO) may be issued without voter approval to finance any public works project or

capital improvement, as permitted by State law. It is the City's policy to utilize Certificates of Obligation to finance public improvements in certain circumstances and only after determining the City's ability to assume additional debt. Circumstances in which Certificates might be issued include, but are not limited to the following.

- a. The City may issue COs when there is insufficient funding on a general obligation bond-financed capital improvement.
- b. The City may issue COs when "emergency" (urgent, unanticipated) conditions require a capital improvement to be funded rapidly.
- c. The City may issue COs for projects when the City can leverage dollars from others to reduce the City's capital cost for a community improvement.
- d. The City may issue COs for projects when there is no other adequate funding source available (i.e.: GO or developer funding), the project is determined to be in the best interest of the City, and where a determination is made that waiting for the next bond referendum or having a bond referendum for a small amount of money or a small number of projects is impractical and where public notice versus a voted bond referendum is deemed acceptable by the City Council.
- e. The City may issue COs if it would be more economical to issue Certificates of Obligation rather than issuing revenue bonds; and
- f. The City may issue COs for projects for which the City will be reimbursed by Developer (principal plus interest).

3. Revenue Bonds

Revenue bonds are generally payable from a designated source of revenue. They do not require voter approval.

For the City to issue new revenue bonds, revenues, as defined in the ordinance authorizing the revenue bonds in question, shall meet the bond coverage ratio as defined in the ordinance. Annual adjustments to the City's rate structures for Enterprise Funds will be made as necessary to maintain the coverage factor.

If the City should issue COs for Water/Sewer Improvements, the Water/Sewer Fund will pay the annual debt service associated with the issue.

Revenues shall be maintained at 1.5 times coverage in a fiscal year. Coverage will take into account tax-backed debt issued for the Water and Sewer Fund.

D. Debt Structures

The City shall normally issue bonds with a life not to exceed 25 years for general obligation bonds and 30 years for revenue bonds, but in no case longer than the useful life of the asset. The City shall seek level or declining debt repayment schedules and shall seek to retire 90% of the total principal outstanding within 20 years of the year of issuance. There should be no debt structures that include increasing debt service levels in subsequent years, with the first and second year of a bond payout schedule the exception or as special situations may warrant. There shall be no "balloon" bond repayment schedules, which consists of low annual payments and one large payment of the balance due at the end of the term. (There shall always be at least interest paid in the first fiscal year after a bond sale and principal payments starting generally no later than the second fiscal year after the bond issue.

The City currently has a level debt service structure. As such, unless there is growth (increased valuation, increase in number of connections, etc.) or reallocation of the tax rate to debt service, there is no room for additional debt without increasing rates.

The City will issue debt based on a fixed rate and will limit use of variable-rate debt due to the potential volatility of such instruments.

E. Debt Refunding

The City's financial advisor shall monitor the municipal bond market for opportunities to obtain interest savings

by refunding outstanding debt. As a general rule, the net present value savings of a particular refunding should exceed 3.0% of the refunded maturities unless: (1) a debt restructuring is necessary; or (2) bond covenant revisions are necessary to facilitate the ability to provide services or to issue additional debt or; (3) the refunding is combined with a new debt issuance.

F. Interest Earnings on Debt Proceeds

Debt interest earnings will be limited to funding changes to the bond financed Capital Improvement Plan in compliance with the voted propositions, cost overruns on bond projects, or be applied to debt service payments on the bonds issued.

G. Bond Elections

- 1. Timing of general obligation bond elections shall be determined by the inventory of current authorized, unissued bonds remaining to be sold and the Five-Year Capital Improvement Plan.
- 2. An analysis showing how the new debt combined with current debt impacts the City's tax rate and debt capacity will accompany every future bond issue proposal.

H. Sale Process

The City shall use a competitive bidding process in the sale of debt unless the nature of the issue warrants a negotiated sale. The City will utilize a negotiated process when the issue is, or contains, a refinancing that is dependent on market/interest rate timing, if the interest rate environment or market/economic factors may affect the bond issue, or if the nature of the debt is unique and requires particular skills from the underwriters involved. The City shall award the bonds based on a true interest costs (TIC) basis. However, the City may award bonds based on a net interest cost (NIC) basis as long as the financial advisor agrees that the NIC basis can satisfactorily determine the lowest and best bid.

I. Underwriting Syndicates

The City's financial advisor shall attempt to involve qualified and experienced firms, which consistently submit ideas to the City and financial advisors and actively participate in the City's competitive sale in its negotiated underwritings. In conjunction with the City, the City's financial advisor shall recommend the structure of underwriting syndicates, which will be optimal for the type and amount of debt being issued.

J. Bond Ratings

Full disclosure of operations and open lines of communications shall be maintained with the rating agencies. Credit ratings will be sought from one or more of the nationally recognized municipal bond rating agencies, as recommended by the City's financial advisor.

The City will continually strive to maintain or increase the City's current bond ratings by prudently managing its funds and by reviewing and monitoring financial policies, budgets, forecasts and the financial health of the City.

K. Covenant Compliance

The City will comply with all covenants stated in the bond ordinance, including providing for annual disclosure information and providing for material event notices.

L. Arbitrage Rebate Monitoring and Reporting

Arbitrage is the interest earned on the investment of bond proceeds above the interest paid on the debt. The City will engage a third party arbitrage firm to meet the arbitrage rebate compliance requirement of the IRS regulation. The recordkeeping shall include tracking project expenditures, interest earned on the bonds, calculating rebate payments, and remitting any rebatable earnings to the federal government in a timely manner in order to preserve the tax-exempt status of the outstanding debt.

M. Lease/Purchase Agreements

The City may use lease/purchase agreements for the acquisition of equipment when it is cost-effective and provides for attractive terms. All lease purchase agreements will be approved by City Council no matter the dollar amount.

N. Swaps and Derivative Financial Products

The City will not enter into any swaps for financial derivative products.

VIII. CASH MANAGEMENT AND INVESTMENTS

To maintain the City's cash in such a manner so as to ensure the absolute safety of principal, to meet the liquidity needs of the City, and to achieve the highest possible yield.

A. Investment Management

- 1. All aspects of cash/investment management shall be designed to ensure safety and integrity of the City's financial assets.
- 2. Cash/Investment management activities shall be conducted in full compliance with prevailing local, state, and federal regulations. (See City's Investment Policy)
- 3. The City will utilize competitive quotes from approved broker/dealers, affording no special advantage to any individual or corporate member of the financial or investment community.
- 4. The City will only do business with City authorized broker/dealers and/or financial institutions as approved by Council and who have executed a written certification of their review of the City's Investment Policy.
- 5. The City shall design and establish policies relating to a variety of cash/investment management issues, such as the eligibility and selection of various broker/dealers, safekeeping requirements, collateral requirements, delivery versus payment requirements, weighted average maturity requirements and other such aspects of the program, which necessitate standard setting in pursuit of appropriate prudence and enhanced protection of assets. (See City's Investment Policy)
- 6. Investments of the City shall be made with the exercise of judgment and care which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment.

B. Investment Strategy

The City of DWG maintains a consolidated portfolio in which it pools its funds for investment purposes. The City's investment program seeks to achieve safety of principal, adequate liquidity to meet cash needs, and reasonable yields commensurate with the preservation of principal and liquidity. (See City's Investment Policy)

C. Interest Income

Interest earned from investments shall be distributed to the funds from which the funds were provided.

D. Arbitrage Investments

Investment on bond proceeds will be made with safety of principal and liquidity in mind, but with a competitive rate of return. If there is positive arbitrage, the rebatable earnings will be sent to the IRS, as necessary.

E. Depository

The City will select its official bank through a formal bidding process in order to provide the City with the most comprehensive, flexible, and cost-effective banking services available. The City will, at a minimum, bid depository services every five years. The City will review the financial health of the City's depository annually to include but not be limited to earnings, assets, capital, and liquidity.

F. Collateralization of Deposits

- 1. The City shall have pledged collateral held at an independent third-party institution and evidenced by a written receipt.
- 2. The value of the pledged collateral should be marked to market monthly and shall be at least 102 percent of

- par or market value of the investments, whichever is greater.
- 3. Substitutions of collateral shall meet the requirements of the collateral agreement. Collateral shall not be released until the replacement collateral has been received, if the release of the collateral should result in the value being under 102 percent of par value.
- 4. The pledge of collateral shall comply with the City's investment policy.

IX. GRANTS AND INTERGOVERNMENTAL REVENUES

The City will seek, apply for, and effectively administer federal, state and local grants, which support the City's current priorities and policy objectives. The City should take advantage of opportunities to enhance service delivery through intergovernmental cooperation, shared revenues, and grants.

A. Grant Guidelines

- 1. The City shall apply and facilitate the application for only those grants that are consistent with the objectives and high priorities identified by Council and management.
- 2. Grant funding will be considered to leverage City funds. Inconsistent and/or fluctuating grants should not be used to fund ongoing programs and services.
- 3. The potential for incurring ongoing costs, to include assumptions of support for grant-funded positions from local revenues, will be considered prior to applying for a grant.

B. Grant Review Process

- 1. A uniform grants pre-application process will be utilized to assure the City has all the information necessary to make a decision regarding a potential grant. Information to be provided should include, but not be limited to:
 - a. The grant being pursued and the use to which it would be placed
 - b. The objectives or goals of the City which will be achieved through the use of the grant
 - c. The local match required, if any, plus the source of the local match
 - d. The increased cost to be locally funded upon termination of the grant
- 2. All grant agreements will be reviewed by the appropriate City staff, including finance, and the sponsoring department, to ensure compliance with state, federal, and City regulations.
- 3. The Mayor shall approve all grant submissions with a financial obligation and the City Council shall approve all grant obligations over \$5,000.

C. Budgeting/or Grant Expenditures

Annually, via the budget process, departments will submit for possible funding, known grant opportunities. These grant opportunities will be prioritized and ranked along with all other supplemental requests. If approved, the expenditure and associated revenue will be appropriated in the General Fund or PRFDC. If there are grant opportunities that arise during the year and are received by the City, the budget will be amended via the projections, if the City can fund the local match required.

D. Grant Termination and/or Reduced Grant Funding

- 1. In the event of reduced grant funding, City resources will be substituted only after all program priorities and alternatives are considered during the budget process, unless the City is obligated through the terms of the grant to maintain the positions, services, or equipment.
- 2. The City shall terminate grant-funded programs and associated positions when grant funds are no longer available, and it is determined that the program no longer supports City goals and/or is no longer in the best interest of the City, unless the City has obligated itself through the terms of the grant to maintain the positions, services, or equipment.

X. FINANCIAL CONSULTANTS

The City will employ qualified financial advisors and consultants as needed in the administration and management of the City's financial function. These areas include but are not limited to audit services, debt administration, delinquent tax collection attorney, and financial modeling. The principal factors in the selection of these consultants will be experience/expertise, ability to perform, the services offered, references, and methodology to name a few. In no case should price be allowed to serve as the sole criterion for the selection.

A. Selection of Auditors

At least every seven years, the City shall request proposals from qualified firms, including the current auditors if their past performance has been satisfactory. The City Council shall select an independent firm of certified public accountants to perform an annual audit of the accounts and records, and render an opinion on the financial statements of the City.

It is the City's preference to rotate auditor firms every seven years at the maximum, to ensure that the City's financial statements are reviewed and audited with an objective, impartial, and unbiased point of view. The rotation of the audit firm will be based upon the proposals received, the qualifications of the firm, and the firm's ability to perform a quality audit.

However, if through the proposal and review process, management and the Audit Committee select the current audit firm, then, it is the City's preference that the lead audit partner be rotated, as well as the lead reviewer, after a maximum of seven years.

B. Depository Bank

Pursuant to State law, the City may approve a depository contract whose term does not exceed five years. There is no requirement for rotation. The City will select its official banking institution through a formal process based on best value in order to provide the City with the most comprehensive, flexible, and cost- effective banking services available.

RESOLUTION NO. 2022-08

A RESOLUTION OF THE CITY OF DALWORTHINGTON GARDENS, TEXAS, APPROVING AN AMENDMENT TO THE CITY BUDGET PROCESS TO FOLLOW EACH FISCAL YEAR FOR THE CITY BUDGET WHICH WORKS UP TO BUDGET APPROVAL IN ACCORDANCE WITH STATE LAW

WHEREAS, City Council adopted a Fiscal Year Budget Process on December 17, 2020 in order to create organization among staff and City Council when working towards adoption of the City budget each fiscal year; and

WHEREAS, an amendment is being made to said policy to correct language for the mid-year review process as it previously referenced a quarterly review.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALWORTHINGTON GARDENS, TEXAS:

CITY OF DALWORTHINGTON GARDENS

• The Budget Process attached hereto as Exhibit "A" is hereby adopted.

PASSED & APPROVED this 21st of April, 2022.

City of Dalworthington Gardens

Fiscal Year Budget Process

The following shall be the process whereby staff prepares the budget with the Mayor's guidance. The Mayor may work with the DPS Director and City Administrator to alter the below process as long as the chosen process follows city ordinances and state law requirements. The process could begin earlier or later depending on legislative changes that require a broader or narrower timeline.

- Beginning in February of each year, the City Administrator should begin preparing estimates for any
 upcoming street projects to be considered in the budget. This should include any Community
 Development Block Grant (CDBG) project.
- Beginning in March of each year, the City Administrator and DPS Director will begin working internally on budget requests for inclusion in the upcoming budget year.
- In April, the City Administrator will work with the Finance Director to begin preparing the budget calendar. The calendar is created to follow legal guidelines and notice requirements as required by state law. The calendar should include dates for City Council, the Crime Control and Prevention District (CCPD), and Park and Recreation Facilities Development Corporation (PRFDC). The CCPD and PRFDC must approve their respective budgets prior to City Council approval.
- In April of each year, City Council shall conduct a mid-year budget review meeting for the current budget year in order to assess budget expenses for the first six months before going into planning for the next budget year.
- At the May council meeting, the City Administrator will present the budget calendar to City Council
 for approval of work session and meeting dates. At this same meeting, City Council will provide
 feedback for proposed budget items and projects.
- Following the May council meeting, the City Administrator and DPS Director will work with the Finance Director on their respective budgets to begin discussions with the Mayor on budget requests. In accordance with Local Government Code, Chapter 102, the mayor of a municipality serves as the budget officer for the governing body, unless the municipality has a city manager form of government.
- All budget requests shall be due by June 1 of each year in order for the Finance Director to prepare the budget for council presentation. Legal requirements may dictate an earlier due date.
- Budget work sessions shall begin in late July or August, depending on legal requirements for a given
 year. The first budget work session shall include presentation of the current fiscal year budget so that
 council may compare current budget circumstances with the original approved budget, which will allow
 better planning for the next fiscal year budget.
- Budget adoption shall take place by October 1.

ORDINANCE NO. 2022-08

AN ORDINANCE AMENDING SECTION 5.02.006 "AMENDMENTS" OF ARTICLE 5.02 "FIRE PREVENTION CODE" OF CHAPTER 5 "FIRE PREVENTION AND PROTECTION" OF THE CODE OF ORDINANCES OF THE CITY OF DALWORTHINGTON GARDENS, TEXAS TO ADOPT ADDITIONAL LOCAL AMENDMENTS TO THE 2015 INTERNATIONAL FIRE CODE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING THAT THIS ORDINANCE SHALL BE CUMULATIVE OF ALL ORDINANCES; PROVIDING A PENALTY FOR VIOLATIONS OF THIS ORDINANCE; PROVIDING A SAVINGS CLAUSE; PROVIDING FOR PUBLICATION IN THE OFFICIAL NEWSPAPER; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Dalworthington Gardens, Texas is a Type A general-law municipality located in Tarrant County, Texas, created in accordance with the provisions of Chapter 6 of the Local Government Code and operating pursuant to the enabling legislation of the State of Texas; and

WHEREAS, the City Council of the City of Dalworthington Gardens previously adopted the 2015 Edition of the International Fire Code and local amendments to same in order to provide for the protection of citizens by regulating conditions hazardous to life and property from fire, hazardous materials, and explosion; and

WHEREAS, the City Administrator and staff have recommended certain additional amendments to the 2015 International Fire Code and the City Council has determined that the adoption of additional local amendments is in the public interest and is necessary for the protection of the health, safety and welfare of the citizens of Dalworthington Gardens.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DALWORTHINGTON GARDENS, TEXAS:

SECTION 1.

Section 5.02.006 "Amendments" of Article 5.02 "Fire Prevention Code" of Chapter 5 "Fire Prevention and Protection" of the Code of Ordinances of the City of Dalworthington Gardens is hereby amended to amend subsection (5) of Section 502.006 amending Sections 106.1.1 and 106.1.2 of the 2015 edition of the International Fire Code, as amended by the NCTCOG amendments, as follows:

Sec. 5.02.006 Amendments

The 2015 Edition of the International Fire Code, as amended by the NCTCOG Amendments, is further amended and changed in the following respects:

. . .

(5) Section 106 "Inspections" is amended by adding sections 106.1.1 and 106.1.2 to read as follows:

106.1.1 Inspection fees. Any occupancy or premises hereafter opening for the purpose of doing business in the city, as evidenced by application to the building official for a certificate of occupancy, or application for gas well drilling shall pay a fee for an initial fire code compliance inspection and for the establishment of an inspection file. This fee shall be set from time to time by resolution of the city council and shall be collected by the building official at the same time that the certificate of occupancy fee is collected. An occupant or premises shall pay a fee for an annual fire code compliance inspection

of the occupancy in an amount set from time to time by resolution of city council and payment of this fee shall be due to the city within thirty (30) days from the billing date. Failure to pay the fee within thirty (30) days from the billing date shall result in a \$25.00 penalty being assessed to the original invoiced amount. An additional fifteen (15) days shall be given to pay the original invoiced amount plus the \$25.00 penalty fee. Any unpaid balances following this period shall result in suspension of the certificate of occupancy unless a payment plan arrangement has been made with the City. Any certificate of occupancy suspension or payment plan arrangement shall require approval from the DPS Director and City Administrator. A payment plan shall not exceed a two-month time period for payment of past due balances.

106.1.2 Reinspection fees. When it has been determined that a fire hazard or violation of this fire code exists in or upon any property, structure, vehicle, system or process, and the period of time given to correct the fire hazard or violation has expired, the chief or authorized representative shall conduct a reinspection. A reinspection fee will be set from time to time by resolution of city council, collected by the city, payable by the person receiving the order or notice to correct the violation, and payment of this fee shall be due to the city within thirty (30) days from the billing date. Failure to pay the fee within thirty (30) days from the billing date shall result in a \$25.00 penalty being assessed to the original invoiced amount. An additional fifteen (15) days shall be given to pay the original invoiced amount plus the \$25.00 penalty fee. Any unpaid balances following this period shall result in suspension of the certificate of occupancy unless a payment plan arrangement has been made with the City. Any certificate of occupancy suspension or payment plan arrangement shall require approval from the DPS Director and City Administrator. A payment plan shall not exceed a two-month time period for payment of past due balances.

Payment of fees or fines assessed under this chapter does not permit or excuse the continuation of a violation or the fire hazard.

SECTION 2.

It is hereby declared to be the intention of the City Council of the City of Dalworthington Gardens that the sections, paragraphs, sentences, clauses, and phrases of this ordinance are severable and if any phrase, clause, sentence, paragraph, or section of this ordinance shall be declared invalid or unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such invalidity or unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, or sections of this ordinance, since the same would have been enacted by the City Council without the incorporation in this ordinance of any such invalid or unconstitutional phrase.

SECTION 3.

This ordinance shall be cumulative of all provisions of ordinances of the City of Dalworthington Gardens, Texas, except where the provisions of this ordinance are in direct conflict with the provisions of such ordinances, in which event the conflicting provisions of such ordinances are hereby repealed.

SECTION 4.

Any person, firm, or corporation violating any of the terms and provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in accordance with Section 109.4 "Violation penalties" of the Fire Code. Each such violation shall be deemed a separate offense and shall be punishable as such hereunder for violation of an ordinance governing fire safety.

SECTION 5.

All rights and remedies of the City of Dalworthington Gardens are expressly saved as to any and all violations of the provisions of Chapter 5.02 of the City Code or any other ordinances regulating fire safety that have accrued at the time of the effective date of this ordinance; and as to such accrued violations and all pending litigation, both civil and criminal, whether pending in court or not, under such ordinances, same shall not be affected by this ordinance but may be prosecuted until final disposition by the courts. To the extent the 2015 International Fire Code is deemed to grandfather or vest any use under the prior Code, such Code shall remain in full force and effect as to such use.

SECTION 6.

The City Secretary of the City of Dalworthington Gardens is hereby directed to publish the caption, penalty clause, publication clause and effective date clause of this ordinance one time in the official newspaper of the City, as authorized by Section 52.011 of the Local Government Code.

SECTION 7.

This ordinance shall be in full force and effect from and after its passage and publication, as provided by the law.

PASSED AND APPROVED ON THIS 21st DAY OF APRIL, 2022.

CHAPTER 5

FIRE PREVENTION AND PROTECTION

ARTICLE 5.02 FIRE CODE

Sec. 5.02.001 Title

These regulations shall be known as the fire code of the city, hereinafter referred to as "this code."

Sec. 5.02.002 Fire code official

The chief of the Department of Public Safety, or his designee, shall be the fire code official.

Sec. 5.02.003 Adoption

- (a) The International Fire Code published by the International Code Council, 2015 edition, with amendments recommended by the North Central Texas Council of Governments (the NCTCOG amendments) is adopted as the fire code of the city. The fire code shall be modified as set forth in section5.02.006 below.
- (b) The adoption of the 2015 International Fire Code and the NCTCOG amendments does not include the appendices thereto except for the following appendices which are adopted:
 - (1) Appendix B Fire-flow requirements for buildings;
 - (2) Appendix C Fire hydrant locations and distributions;
 - (3) Appendix D Fire apparatus access roads with NCTCOG amendments to width and vertical clearance;
 - (4) Appendix E Hazard categories;
 - (5) Appendix F Hazard ranking;
 - (6) Appendix G Cryogenic fluids weight and volume equivalents; and
 - (7) Appendix I Fire protection systems- noncompliant conditions.
- (c) Option B of the NCTCOG amendments is chosen.

Sec. 5.02.004 Incorporation by reference; copy on file

The code adopted in this article is incorporated in this chapter of the city code the same as if said code were copied at length herein, subject to the additions, insertions, deletions and changes prescribed in this article. A copy of the code and the NCTCOG amendments shall be maintained on file in the office of the city secretary.

Sec. 5.02.005 Conflicting provisions

In the event there is determined to be a conflict between the provisions of the code as adopted and the provisions of this article, the latter provisions shall be construed as controlling and shall take precedence over the former.

Sec. 5.02.006 Amendments

The 2015 edition of the International Fire Code, as amended by the NCTCOG amendments, is further amended and changed in the following respects:

- (1) Section 101.1 "Title" is amended to read as follows:
 - <u>101.1 Title</u>. These regulations shall be known hereafter as the fire code of Dalworthington Gardens, Texas, hereinafter referred to as "this code."
- (2) Section 104.11 "Authority at fires and other emergencies" is amended by adding sections 104.11.4, 104.11.5, and 104.11.6 to read as follows:
 - <u>104.11.4 Utilities</u>. The chief or any member of the fire department shall have the authority, in time of emergency, to order the disconnection of gas or electrical utilities to a building or structure when deemed necessary for the public safety, without liability therefor.
 - 104.11.5 Evacuation. The chief or any member of the fire department shall have the authority, in time of emergency, to order the evacuation of a building or structure when deemed necessary for the safety of occupants thereof, and it shall be unlawful for any person to refuse to evacuate upon such order, or to resist or obstruct the evacuation of other persons.
 - 104.11.6 Disaster authority. The chief or any members of the fire or police department shall have the authority during the period of a federal, state or city emergency or disaster declaration to evacuate areas, control traffic or take other action, or take no action as necessary to deal with a situation when such action or inaction may save lives, prevent human suffering or mitigate property damage. An action or inaction is "effective" if it in any way contributes or can reasonably be thought to contribute to preserving lives or property or prevent human suffering.
- (3) Section 104 "General authority and responsibilities" is amended by adding sections 104.12 and 104.13 to read as follows:
 - 104.12 Governmental immunity. This fire prevention chapter is an exercise by the city of its governmental functions for the protection of the public peace, health and safety; and neither the city nor agents and representatives of said city (or any individual, receiver, firm, partnership, corporation, association, trustee or any of the agents thereof, in good faith carrying out, complying with or attempting to comply with any order, rule or regulation promulgated pursuant to the provisions of this ordinance) shall be liable for any damage sustained to persons or property as the result of said activity.
 - 104.13 Standard of care for emergency action. Every officer, agent or employee of the city, and every officer, agent, or employee of an authorized provider of emergency services, including, but not limited to every unit of government or subdivision thereof, while responding to emergency calls or reacting to emergency situations, regardless of whether any declaration of emergency has been declared or proclaimed by a unit of government or subdivision thereof, is hereby authorized to act or not to act in such a manner to effectively deal with the emergency. An action or inaction is "effective"

if it in any way contributes or can reasonably be thought by the provider of such emergency service to contribute to preserving any lives or property. This section shall prevail over every other ordinance of the city and, to the extent to which the city has the authority to so authorize, over any other law establishing a standard of care in conflict with this section. Neither the city nor the employee, agent, or officer thereof; or other unit of government or subdivision thereof or its employees, agents, or officers shall be liable for failure to use ordinary care in such emergency. It is the intent of the city council, by passing this ordinance, to assure effective action in emergency situations by those entrusted with the responsibility of saving lives and property by protecting such governmental units from liability, and their employees, agents, and officers from non-intentional tort liability to the fullest extent permitted by statutory and constitutional law. This section shall be liberally construed to carry out the intent of the city council.

(4) Section 105 "Permits" is amended by adding section 105.1.1.1 to read as follows:

105.1.1.1 Penalties. Permit fees shall be doubled if a contractor has begun work without a permit. For the second and subsequent occurrence by the same contractor within two (2) years, the permit fees shall be tripled. A resubmittal fee will be assessed for plans that have been resubmitted more than two times (2X) and for each time thereafter. Resubmittal fees related to this fire code shall be set from time to time by resolution of the city council.

(5) Section 106 "Inspections" is amended by adding sections 106.1.1 and 106.1.2 to read as follows:

106.1.1 Inspection fees. Any occupancy or premises hereafter opening for the purpose of doing business in the city, as evidenced by application to the building official for a certificate of occupancy, or application for gas well drilling shall pay a fee for an initial fire code compliance inspection and for the establishment of an inspection file. This fee shall be set from time to time by resolution of the city council and shall be collected by the building official at the same time that the certificate of occupancy fee is collected. An occupant or premises shall pay a fee for an annual fire code compliance inspection of the occupancy in an amount set from time to time by resolution of city council and payment of this fee shall be due to the city within thirty (30) days from the billing date. Failure to pay the fee within thirty (30) days from the billing date shall result in a \$25.00 penalty being assessed to the original invoiced amount. An additional fifteen (15) days shall be given to pay the original invoiced amount plus the \$25.00 penalty fee. Any unpaid balances following this period shall result in suspension of the certificate of occupancy unless a payment plan arrangement has been made with the City. Any certificate of occupancy suspension or payment plan arrangement shall require approval from the DPS Director and City Administrator. A payment plan shall not exceed a two-month time period for payment of past due balances.

106.1.2 Reinspection fees. When it has been determined that a fire hazard or violation of this fire code exists in or upon any property, structure, vehicle, system or process, and the period of time given to correct the fire hazard or violation has expired, the chief or authorized representative shall conduct a reinspection. A reinspection fee will be set from time to time by resolution of city council, collected by the city, payable by the person receiving the order or notice to correct the violation, and payment of this fee shall be due to the city within thirty (30) days from the billing date. Failure to pay the fee within thirty (30) days from the billing date shall result in a \$25.00 penalty being assessed to the original invoiced amount. An additional fifteen (15) days shall be given to pay the original invoiced amount plus the \$25.00 penalty fee. Any unpaid balances following this period shall result in suspension of the certificate of occupancy unless a payment plan arrangement has been made with the City. Any certificate of occupancy suspension or payment plan arrangement shall require approval

from the DPS Director and City Administrator. A payment plan shall not exceed a two-month time period for payment of past due balances.

Payment of fees or fines assessed under this chapter does not permit or excuse the continuation of a violation or the fire hazard.

- (6) Section 109 "Violations" is amended by adding section 109.2.1 to read as follows:
 - <u>109.2.1 Presumption</u>. The owner, occupant or person in control of any building or premises where any violation of this fire code or other ordinances of the city relating to fire safety is found shall be prima facie responsible for such violation. When any vehicle is in violation of any provision of this fire code, such fact shall constitute prima facie proof that the person in whose name said vehicle is registered is guilty of a violation of this fire code.
- (7) Section 109.4 "Violation penalties" is amended to read as follows:
 - 109.4 Violation penalties. Persons who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directive of the fire code official, or of a permit or certificate used under provisions of this code, shall be guilty of a misdemeanor offense, punishable by a fine of not more than \$2,000.00 dollars. Each day that a violation continues after due notice has been served shall be deemed a separate offense.
- (8) Section 111.4 "Failure to comply" is amended to read as follows:
 - 111.4 Failure to comply. Any person who shall continue any work after having been served with a stop-work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable for a fine of up to \$2,000.00 per day.
- (9) Section 202 "Definitions" is amended by adding the following definition to read as follows:
 - <u>Authorized representative</u>. Shall include, but not be limited to, fire inspector, building inspector, code enforcement inspector, housing inspector and police officers.
- (10) Section 307 "Open burning, recreational fires, and portable outdoor fireplaces" is amended by adding section 307.1.2 to read as follows:
 - <u>307.1.2 Unauthorized burning</u>. The building of fires upon the paved portions of public streets and right-of-way; building of warming fires at construction sites; and building fires for the purpose of burning trash, leaves, grass clippings or debris is prohibited except as otherwise provided for by this code. Any such fire shall be immediately extinguished.
- (11) Section 307.4.1 "Bonfires" is amended to read as follows:
 - <u>307.4.1 Bonfires</u>. Bonfires are prohibited within city limits.
- (12) Section 319 "Removal of debris or partially burned building after fire" is added to read as follows:

SECTION 319 REMOVAL OF DEBRIS OR PARTIALLY BURNED BUILDING AFTER FIRE

319.1 Useless material. The owner or person in control or possession of any hay, straw, bales of wool, cotton, paper or other substances which have been rendered useless or unmerchantable by reason of any fire shall remove said articles within forty-eight (48) hours after notice has been given by the fire code official.

319.2 Burned structures. Whenever any building or other structure in the city is partially burned, the owner or the person in control shall, within ten (10) days after notice from the fire code official or the building code official or their authorized representative, remove from the premises all refuse, debris, charred and partially burned lumber and material. If such building or other structure is burned to such an extent that it is rendered incapable of being repaired, the owner or the person in control shall, within ten (10) days after notice from the fire code official or the building code official, or their authorized representatives, remove from the premises all the remaining portions of the building or structure.

(13) Section 503.6 "Security gates" is amended to read as follows:

Section 503.6 Security gates. The installation of security gates across a fire apparatus access road shall be subject to approval by the fire code official. The fire code official shall not unreasonably withhold approval of security gates when such gates will be built and installed in accordance with sound fire safety practices. Where security gates are installed, they shall have an approved means of emergency operation. The security gates and the emergency operation shall be maintained operational at all times. Electric gate operators, where provided, shall be listed in accordance with UL 325. Gates intended for automatic operation shall be designed, constructed and installed to comply with the requirements of ASTM F 2200. An Opticom receiver is required at all new installations of security gates across streets or fire lanes at apartments, subdivisions, and other locations as required by the fire code official.
